

Pooja is an MBA Grad from ICFAI Hyderabad. Post her masters, she's worked with start ups where she has gained experience of setting up human development processes from scratch, as well as with companies with very mature Human Resource practices like the TATA group. In her HR career she has handled employee span of close to thousand people. She has also been rewarded for implementing best practices in Performance Management in TCS.

She then went on to become an entrepreneur, and has worked with people from various backgrounds, across countries. She has coached people on various behavioural aspects, to achieve organisational goals. Also worked at an individual

Level to counsel, handhold and groom individuals to perform better in personal and professional space.

She has also done her fellowship with Teach for India. Her passion to do meaningful work that can have long-term impact on people's life is what connects her to Transvivo.

Her interests include travelling the world, networking and writing amongst many others.
